

Lego Builders get ready! Friday, August 4 at 12:45 pm come by the library at the high school to register to be a contestant in the Lego Contest. The competition is open to ages 5-13 with 3 different age brackets: ages 5, 6, & 7 (contest at 1:00 pm), ages 8, 9, & 10 (contest at 2:00 pm), and ages 11, 12, & 13 (contest at 3 pm.) Each bracket is for the first 10 participants that sign up. The contestants have 30 minutes to construct their own creation using only a provided bag of assorted Legos including standard and unique pieces. No Lego pieces may be brought in for the contest. Judges will select 1st, 2nd, and 3rd place winners, a Master Builder award and an Artisan award in each age bracket to be announced after each of the 3 competitions. They will also select a Best of Show from the combined groups that will be announced following the 3rd contest. Spectators are welcomed to stay in the library during the contest. However, they must remain quietly in the gallery area and may not assist the contestants. This is the 3rd year of the Lego Contest; each year the judges are impressed with the imagination and amazing creations of the children.
